
Helpful Tips for Teachers.....

Kids of all ages love to POKE and SQUEEZE and are FASCINATED with the world of CLAY by using their 2Hands.

The following are 2Hands helpful tips to assist planning of the 2Hands Clay Adventure in your classroom

2Hands looks forward to sharing the CLAY with all your artists and they will have a "BALL" exploring and discovering all aspects of CLAY with their 2Hands. See you at your upcoming CLAY DAY.

Cost is \$12.00 Per "2Hands" / student. (all inclusive)

DAY BEFORE CLAY ADVENTURE:

If desks can please be arranged day before (groups of 4- 6) and have newspapers lining the desks (3 or 4 pages thick) the night before the CLAY DAY ready for the morning.

Time Frame

1. 2Hands arrives at least 45 minutes to 1hours prior to beginning of the ADVENTURE and that is fine if you are not there.
2. Length of ADVENTURE is approximately 2hours and more dependant on grade and #'s.
3. It is best if we continue through recess VS stopping and starting and such
- 4.

What Is Needed

2Hands requests Parent Volunteers - if possible with helpful hands and parents also make great cheerleaders too.# depending on grade and #'s of students) please see request in 2Hands confirmation.

1. Primary Student Teachers: Please send a note home in the student planner a few days prior to clay day requesting an old t-shirt or smock-- since we will get "spattered up" with CLAY and PAINT.
2. Plus a week or so after the CLAY DAY to bring in a shoebox for the clayart.
3. IF possible if there is newsprint available for tables (4 -5 newspapers) done the day before.
4. Many times kids stand VS sit for the claytime.. (which also assists in cleanup) and kids enjoy standing.
5. Kids are rotated through (2) PAINT TABLES whereby 5 /6 children at a time paint using FUN and BRIGHT underglaze paints on the WET clay which is then fired and clearcoated.

2Hands provides: 2Hands will provide peel and stick name tags for each artist

Trek Home- It is good idea to ask your students to bring in a **SHOEBOX** to take the clayart home (see request above).
